IMPORTANT TRAVEL AGENT UPDATE

Canada, 04 March 2010

NAV CANADA SURCHARGES EFFECTIVE APRIL 12, 2010

Dear Travel Partner,

The regulatory authorities of both HKG & Canada have instructed Cathay Pacific to incorporate the NAV Canada surcharges into our published fares. As such, please be informed that the NAV Canada surcharge will no longer be indicated as a "Q" on all CX tickets issued **on/after 12 April 2010**, Effective this same date (12Apr10), Cathay Pacific will increase all published fares to/from Canada by CAD15 one-way / CAD30 round-trip (effectively incorporating the NAV Canada surcharge into the published fare). The final constructed fare should remain the same.

Please note as the NAV Canada is currently included in our current sales agreement, this adjustment will not affect our net airfares.

If you have any questions, please contact the Cathay Pacific sales office nearest to you. Thank you for your understanding and continued support.
